

Bagawat Geeta, Class 41

Greetings All,

Shloka # 13:

“ॐ नमो भगवते वासुदेवाय ॥ ३.१३ ॥”

ॐ नमो भगवते वासुदेवाय ॥ ३.१३ ॥”

Continuing his teaching and refreshing our memory of last class, Swami Paramarthananda says, Lord Krishna was looking at Karma Yoga from different angles. He says Karma yoga is a way of life.

The first angle was that of a commandment of lord. If a person does not follow it, he incurs Pratyavaya Papam.

The second angle was as a request to lead a life of harmony. I have given you a world that is in harmony. You should maintain harmony for the sake of other living beings. It is a form of gratitude to the Lord or Ishwara Yagya.

The third angle is not Agya or Yagya but as a spiritual Sadhana by which I purify my mind. I am not doing any favor to the Lord. I am favoring myself. The benefit described in shloka # 13 is that, one who looks at the consequences of worship of God as yagya prasada, for such a person, all papam's of inner personality goes away. The consequence of worship can be in the form of food that remains after a Yagya or even can be taken as Karma Phalam.

As per Vedas, anything that obstructs Self- Knowledge is considered a Papam. Even money is a Papam, if I am lost in it. On the other hand, poverty is considered good, if it leads one to spirituality.

What is primary obstruction to spirituality? As per Vedanta, it is Mohaha or delusion. It means seeing the external world

as the cause of happiness or unhappiness.

If a particular music is played, a teenager is very happy while his parents are unhappy. They don't like it at all. So, is the music the source of happiness or unhappiness? As long as you are finding fault with the world you are in delusion. This delusion has to go away. It is my attitude towards the world that causes sorrow or happiness. It is not a change in the world but a change in my attitude that is required. Knowledge alone changes my attitude. Once I search for knowledge it makes me a seeker.

Shankaracharya's Bhaja Govindam is called Moha Mudgara (Hammer to shatter illusion). Here he analyzes all causes of happiness and unhappiness. He discusses all aspects of delusion. Only Karma Yoga can remove delusion. What is required is knowledge, not changing of the world.

In shloka # 13, Sri Krishna criticizes those who are selfish, who cook only for themselves and don't share the food. Pancha Maha Yagya requires sharing my money or food with others. Every day when you cook rice keep some aside (raw rice) and donate it every month. Give to others, exhorts Swamiji. Such selfish people are eating concentrated papam. They are moving away from spiritual knowledge.

Shloka # 14:

“कर्मणो यो न्मोक्षोऽस्ति न च धर्ममेतद्विदुः
अज्ञानं कर्मणोः सुखदुःखसंशयसंश्रितम्”

कर्मणो यो न्मोक्षोऽस्ति न च धर्ममेतद्विदुः
अज्ञानं कर्मणोः सुखदुःखसंशयसंश्रितम् 3.14

In previous shloka Karma Yoga was shown as a purifier. We have seen Agya, Yagya, and Chitta Shodhakam as different versions of Karma Yoga. Now, Sri Krishna describes a fourth angle to Karma Yoga. Here Karma Yoga is presented as Dharma.

What is dharma? That which maintains the harmony of the creation is called Dharma. We are not isolated beings; we are all integrated and interconnected with other beings. Beings

include humans, animals, plants, rivers etc. As said before all beings, other than humans, are programmed to live in harmony. Only human beings have been given free will and budhi shakthi. Humans can destroy this world or create a heaven out of it. If earth is destroyed, it will be due to human beings alone. Even a tiger cannot do it, but humans can do it.

Arjuna, you may not believe in God or my commandment, even then you have to lead a life of Karma Yoga to maintain harmony of this creation. Science shows we are all interconnected. Sri Krishna says, everything that happens in creation is cyclical, indicating harmony. Thus, we have the Water cycle, Carbon dioxide cycle etc., all required for conservation of matter and energy. Sri Krishna then cites one such cycle as an example.

All living beings are born out of food. Food in turn comes out of rain. Rain comes from Yagya, also called adrishtam, the invisible favorable factor. Yagya can also be called Punyam or Apoorvam. How can Punyam produce rain? Punyam is nothing but cosmic balance or harmony. Only in balance does rain come. Rain is considered an acid test for ecological balance. When we cut trees, the balance is lost. How to maintain this balance? Sri Krishna says, one maintains this balance only by Karma Yoga. In Karma Yoga, by revering creation, by revering nature, balance is maintained. I should avoid disturbing the harmony. Some serve by doing, while others serve by non-interference. Don't interfere by polluting nature.

Vedas even tells us how to use a tank or river. One should pray to the river first. Then, enter the river. One should not pollute the river by urinating etc., in it. Do not spit. Respect the river, ocean, air and fire. A life of reverence will maintain the cosmic balance. Even if one person has this reverence, rains will come for him. This reverence is called Karma Yoga.

Therefore, food comes from rain, rain comes from harmony and harmony comes from Karma Yoga.

Vedas have come out of Aksharam or Ishwara.

Then, how come we say Rishi's gave us the Vedas? Rishi's have served as a medium to receive Vedic knowledge. Just as a TV is a receiver, so also Rishi's were receivers. To receive such knowledge one has to prepare our self by Tapas or Dhyanam. So, study Vedas and get its benefits.

Take away from this class:

Swamiji says, it is not a change in the world but a change in my attitude that is required.

This is a topic often discussed by Vedanta group. How can we impact the world? Vedanta says, rather than focusing on changing the world we should focus on changing our self or our attitude to the world.

With best wishes,

Ram Ramaswamy
